EDUCATION

DHARMSINH DESAI UNIVERSITY   Nadiad, India
B.Tech Information Technology   SEP 2022 - MAY 2026
CGPA - 8.53/10

DHOLAKIYA SCHOOL   Rajkot, India
Secondary and Higher Secondary Education School   MAR 2020 - APRIL 2022
12th Grade: 96.52 PR | 10th Grade: 99.53 PR

WORK EXPERIENCE

Software Engineer Intern at Mastercard   Vadodara, India| MAY 2025 - JULY 2025
- Built, tested and deployed backend microservices using Java, Spring Boot, Spring Scheduler, Apache Camel, and Kafka also worked with Oracle Database, Jenkins for CI/CD and PCF Cloud Foundry.
- Gained hands-on experience with the complete SDLC in an enterprise-grade production environment.
- Collaborated across teams to deliver production-ready features, while growing in ownership, technical decision-making, and engineering best practices.

Designing Head at Computer Society of India Student Branch, DDU   SEP 2023 - JULY 2025
- Joined CSI-DDU as a junior associate, played a pivotal role in organizing numerous technical events on campus, including the successful Data Science event attended by nearly 150+ students.
- Subsequently promoted to Designing Head, Leading a team of 20+ individuals. My involvement with CSI significantly enhanced my communication, designing, leadership, teamwork, and cooperation skills.

PROJECTS

StayNest   *Java, Spring Boot, Spring Security, MySQL, Hibernate, Stripe API, Scheduler*
- **Built a hotel booking system using Java Spring Boot and MySQL**, implementing modules for hotel, room, inventory, guest, admin, authentication with JWT, dynamic pricing strategies, and booking management with pagination and filtering.
- **Developed secure payment and booking workflows**, including Stripe checkout integration, cancellation & refund policies, schedulers for price and inventory updates, and real-time booking status.

Medium   *React, Hono(backend), Typescript, npm, Prisma(ORM), Vercel, Tailwind CSS, PostgresQL*
- A robust blogging platform enabling users to share and disseminate their perspectives. Implemented seamless data management and optimized performance **by implementing state management**. Ensured a responsive and user-friendly interface.
- **Created and deployed an npm package**, gaining experience in Zod verification implementation.

ACHIEVEMENTS

- Secured a place among Top **75** Teams out of **2200+** entries in the Odoo × CharusatHackathon 2025 by building a Loyalty Module to create a more secure and automated reward system.
- Completed **Hacktoberfest 2023**, contributing to multiple open-source projects and earning several achievement badges.
- **200+** DSA questions solved on Leetcode & GFG.

SKILLS

Programming Languages & Fundamentals: Java, C++, TypeScript, JavaScript, OOP, DSA, DBMS
Frameworks & Libraries: Spring Boot, Spring Scheduler, React, Node.js, Express.js, Tailwind CSS
Databases: MySQL, Oracle, MongoDB, Hibernate, SQL, NoSQL
DevOps & Tools & Platforms: Git, GitHub, Jenkins, Docker, Postman, IntelliJ IDEA, VS Code
Soft Skills: Communication, Management, Team Work, Leadership, Public Speaking
